1. Overview

Rust Consulting has standardized a format for the electronic submission of claims in securities settlements by institutions filing on behalf of multiple clients or proprietary accounts. Electronic Claim Filing is intended for institutions, brokers and nominees only. This is not used for individual claimants. All Electronic Submissions must follow the Filing Requirements outlined in sections 3 and 4 of these instructions.

2. Security and Integrity

Security of systems and applications and confidentiality of data is of utmost importance to Rust. Rust maintains a unified compliance posture including:

- A system Certification & Accreditation under the Federal Information Security Management Act (FISMA and NIST);
- An annual SSAE 16 (formerly SAS 70) Type II audit of our data and system controls and protocols;
- Compliance with and adherence to Safe Harbor Principles; and
- Compliance with Gramm-Leach-Bliley Act (GLBA) and the Health Insurance Portability and Accountability Act (HIPAA).

3. Filing Requirements

In addition to the instructions contained in the notice and claim form, you must comply with ALL of the following or YOUR FILE WILL BE REJECTED.

1. Proof of Claim and Release Form

Each filing entity must include one (1) completed Proof of Claim and Release form per submission. This Proof of Claim and Release form will serve as the master for all of the accounts included in your filing. The Proof of Claim and Release form should include the name, address, telephone number and email address of the filing entity and be signed by an authorized signatory and must state the capacity of the person signing.

2. Authorization Documentation

Each submission must include documentation showing authority to file on behalf of the clients included in the submission.

3. Data Verification Document

Each submission must include a notarized affidavit or a signed letter on company letterhead stating the source of the data (e.g., proprietary database) and attesting to the truth and accuracy of the transactions and holdings that were submitted in the file. Please note additional documentation may be requested to verify the information included in your data file, failure to provide the requested documentation may result in the rejection of your submission in this settlement and/or the option of filing your claims electronically in future settlements administered by Rust Consulting.

4. Data

Data must be submitted as an Excel spreadsheet or a fixed-length text file and include all of the fields, column headings and should also be in the same order and format as listed in Appendix B. Additional information regarding the data requirements is listed in Appendix C.

5. Control Form

Each submission must include a completed control form attached as Appendix A. Please complete all fields included in the control form including the Filing Entity Name, Filing Entity Type, Contact Information, Payment Instructions, Type of File (i.e. New File, Replacement File and Deficiency Response), File Total Number of Beneficial Owners and Total Number of Transactions.

6. Submission Method

Electronic Claims must be submitted via one of the methods listed below. If your claim is not filed as described below it may not be received and processed properly. DO NOT SUBMIT YOUR CLAIM TO INDIVIDUAL EMPLOYEES OF RUST CONSULTING.

- Rust Consulting eData Vault: <https://edatavault.rustconsulting.com>
- By US Mail to: In Re SEC v. Mozilo Et Al Fair Fund, Attn: Electronic Claim Dept., c/o Rust Consulting, Inc., P.O. Box 8045, Faribault, MN 55021 – 9445
- By Courier to: In Re SEC v. Mozil Et Al Fair Fund, Attn: Electronic Claim Dept., c/o Rust Consulting, Inc, 201 S Lyndale Ave, Faribault, MN 55021

4. **Additional Requirements**

- **BALANCING:** All claims must balance. For each security provided, your holdings at the beginning of the Class Period plus any of that security purchased or otherwise acquired during the Class Period **must** equal the security sold or otherwise disposed of during the Class Period plus the holdings at the end of the Class Period.
- **TRANSFERS:** Securities received in or delivered out of an account should be included in your submission for balancing purposes only (**Lending shares, journal entries and/or bookkeeping transactions should not be included in your file**). Securities received in or delivered out are not eligible for the calculation of your claim unless you have additional information pertaining to the original purchase(s) or disposition(s) of those securities. For securities received, the calculation of these securities will be computed only when original purchase information has been provided, and will be calculated using the trade date and price of the original purchase(s), and not the date or value of the security at the time of transfer. Transfers must clearly be identified in your filing by listing the transaction type as "R" for receipts or "D" for deliveries. If you have information regarding the original purchase(s) or dispositions of transferred shares, you must combine your claim to show the holdings and/or purchase(s) and sale(s) of the shares that were transferred rather than the receipt or delivery.
- **ELECTRONIC CLAIM TRANSACTION LISTING REPORT:** Upon the completion of processing your file, Rust will provide you with an Electronic Claim Transaction Listing report ("DSK10 report") which will list all of your claims along with any deficiencies or ineligibilities that have been identified. If you do not receive this report or if the report that you receive is missing information, you must contact Rust immediately. No electronic files will be considered to have been properly submitted unless the Claims Administrator issues a DSK10 report listing all transactions contained in the electronic file.
- **ADDITIONAL DOCUMENTATION:** Rust Consulting may request that you provide external documentation such as trade confirmations/monthly statements to verify your claim information, even if you submitted a letter or affidavit attesting to the truth and accuracy of the information provided. If you do not provide the documentation to support your trades or holdings as requested by the date specified, your claim(s) will be rejected. Documentation provided from the same system from which your trade data originated is NOT acceptable documentation.
- Rust Consulting reserves the right to reject your electronic filing and require that you submit your claim in hardcopy with complete documentation.

If you have any additional questions or need assistance regarding this settlement, please contact us via email at info@MoziloFairFund.com.
